

Setting up a Club

Monaghan Education Centre

Wednesday 8th November 2017 / 4.30pm - 6.30pm

**** No computer science experience is required for staff or students****

What is CS First?

A free, certified programme that increases access to computer science education for students, aged 9 - 14, through after school, in-school or summer programmes, using the Scratch platform.

Training Details

A hands-on introduction to Google's CS First programme to help educators set up their own club. All club materials are theme based and provided for free.

Booking Information
